General Index 1991

128th Annual General Meeting 175
56th Autumn Meeting 16
Abstracts..... 54, 137, 173
AGA Conference report 2
Assessing and limiting the consequences of gas release: *R. J. Harris, G. Hankinson and M. J. Wickens* 246
British Gas—an investment for the future: *C. H. Brown* 195
British Gas and the EC: *P. O. Lewis*..... 98
Diary..... 14, 46, 244
Does engineering as a profession exist in Europe? *M. Guerin* 78
Flue gas analyser: *M. Carney* 156
Gas 90 a success..... 21
Gas 91 Exhibition Catalogue..... 270
A gas man flies the Kiwi way: *R. Burrell*..... 117
Gas purchasing in a changing competitive environment: *N. C. Henderson* 26
Gas safety: the role of the Health and Safety Executive: *A. V. Jones* 66
High rise sealing: Anaerobics—the alternative solution: *P. Edgar*..... 200
IGE News..... 15, 47, 79, 111, 143, 175, 207, 239, 265, 299
An investigation of the mitigation of gas cloud explosions by water sprays: *M. R. Acton, P. Sutton and M. J. Wickens* 166
IGU 1991–1994: the next triennium 245
The importance of purchasing: *G. W. Hobson*..... 258
Membership changes..... 25, 56, 114, 194, 264, 302
Natural gas—a noble fuel, a global fuel: *P. F. Jessen and D. W. Hough*..... 34
Natural gas in Turkey—the role of Technology Transfer: *P. L. Law and L. James* 57
New Ordinary Members of Council..... 144
News from Industry.. 22, 42, 73, 108, 139, 204, 233, 269, 294
News from SBGI..... 238
Not The Duke of York—Regional planning with a purpose: *R. Watson*..... 150
Optical fibres in the gas industry: *D. Pinchbeck* 276
The overseas challenge: *J. T. Stephens* 4
People 19, 50, 82, 211, 242, 268, 301
Pipework stress analysis for gas industry plant IGE/TD/12 . 72
Power generation—an efficient green option to fill the vacuum: *N. A. Wilkinson*..... 183
President 1991/92..... 143
Presidential Address: *F. D. Wilson*..... 162
Responding to gas escapes—it's automatic: *K. A. Forsyth, P. W. Banks and D. L. Carpenter* 307
Safety related developments in domestic gas utilisation: *A. D. Sussex*..... 286
A South Western perspective: *A. I. D. Frith*..... 84
Towards greener glass: *D. Wharmby*..... 101
Utilities Plant Theft Scheme 272
Vice-President 1991/93 143
Who wants to be an engineer? *A. R. W. Tyrrell and L. Skitt* 130
Working together—Leicester Distribution and the Contractor: *C. H. Woodall*..... 226
The world is not dead! It is just snookered on the 'Green': *J. G. Conway*..... 214

Author Index 1991

Acton, M. R., Sutton, P. and Wickens, M. J. *An investigation of the mitigation of gas cloud explosions by water sprays*..... 166
Brown, C. H. *British Gas—an investment for the future.* 195
Burrell, R. *A gas man flies the Kiwi way*..... 117
Carney, M. *Flue gas analyser*..... 156
Conway, J. G. *The world is not dead! It is just snookered on the 'Green'* 214
Edgar, P. *High rise sealing: Anaerobics—the alternative solution* 200
Forsyth, K. A., Banks, P. W. and Carpenter, D. L. *Responding to gas escapes—it's automatic* 307
Frith, A. I. D. *A South Western perspective* 84
Guerin, M. *Does engineering as a profession exist in Europe?* 78
Harris, R. J., Hankinson, G. and Wickens, M. J. *Assessing and limiting the consequences of gas release*..... 246
Henderson, N. C. *Gas purchasing in a changing competitive environment*..... 26
Hobson, G. W. *The importance of purchasing* 258
Jessen, P. F. and Hough, D. W. *Natural gas—a noble fuel, a global fuel* 34
Jones, A. V. *Gas safety: the role of the Health and Safety Executive*..... 66
Law, P. L. and James, L. *Natural gas in Turkey—the role of Technology Transfer*..... 57
Lewis, P. O. *British Gas and the EC* 98
Pinchbeck, D. *Optical fibres in the gas industry*..... 276
Stephens, J. T. *The overseas challenge*..... 4
Sussex, A. D. *Safety related developments in domestic gas utilisation*..... 286
Tyrrell, A. R. W. and Skitt, L. *Who wants to be an engineer?* 130
Watson, R. *Not The Duke of York—Regional planning with a purpose* 150
Wharmby, D. *Towards greener glass* 101
Wilkinson, N. A. *Power generation—an efficient green option to fill the vacuum*..... 183
Wilson, F. D. *Presidential Address*..... 162
Woodall, C. H. *Working together—Leicester Distribution and the Contractor*..... 226
